Summer 2018

SUSTAINABLE VEGETARIAN & ORGANIC MENU

We are pleased to offer a new seasonal menu. We continually strive to source local and sustainable produce, reduce waste and minimize our impact on earth while simultaneously upholding quality levels of food and service. All the organic vegetable on this menu are sourced as close to our kitchen as possible to have our positive impact on the global carbon footprint. Your menu will be served on renewable & sustainable crafted palm leaf plates and bowls to give your guests the organic feel and look. To ensure availability of your seasonal ingredients, we recommend that all your orders are finalised two weeks prior to your event. If local or organic ingredients are not available, our head chef will work with you and recommend other sustainable options.
